## About Aria Grace Law CIC

Founded in 2018, Aria Grace Law CIC was created to overhaul the traditional legal market from a lack of diversity, inclusion, equality, transparency, and equal pay. We have grown from 1 lawyer and 2 clients to over 40 lawyers and 500 clients.

Our vision is to provide exceptional legal services that cater to our clients' needs while creating a meaningful and tangible impact on society. Our commitment to staying at the forefront of legal practice while leaving a positive impact on the world is a testament to our constant innovation and conscious efforts towards sustainability.

We support our lawyers by providing them with 90% of their fees, which is significantly higher than what other law firms offer. This innovative approach allows our lawyers to deliver their best work while charging less, ultimately enabling the firm to provide high-quality legal services to a wider range of clients.

Our commitment to delivering effective legal solutions at reasonable rates is reflected in the top-tier service that our clients receive. This means that we provide top-quality legal services that are comparable to those offered by the most prestigious law firms, but at a more reasonable cost, ensuring that our clients from all walks of life, including those who may not have access to top-tier legal services, receive the support they need.

At Aria Grace Law CIC, we recognise the enormous opportunity we hold to create a more equitable and just society, and we take our responsibility to contribute to this goal seriously. As such, we donate all of our profits to charity and good causes, demonstrating our commitment to making a positive impact on society and contributing to the greater good.

Our innovative structure not only benefits the current generation but also sets an example for future generations. We believe that it is possible to create a successful and sustainable business while making a positive impact on the world around us. By doing so, we hope to inspire others to adopt similar practices and help build a better future for all.

Aria Grace Law CIC are happy to provide a Helpline service of a 30 minute call with Jodie Seddon free of charge to ABRS+members, and further will undertake any legal work required by you or them at a reduced hourly rate of £250 (excluding VAT).
