ADVISORY VISIT

The ABRS+ does not inspect Riding Establishment as a part of the membership process. Riding Establishments are subject to independent statutory inspection by their Local Authority as a part of the licensing process; the ABRS does not believe an additional inspection by the ABRS+ provides additional substantive assurance or business benefit. However, the ABRS+ offers, at Riding Establishment owner, licensee or manager request, advisory visits on joining or ahead of a licensing inspection. These visits enable the Riding Establishment to benefit from best practise in safety, employee and client management and in horse welfare and have greater assurance of passing the Council Licensing inspection with the highest standard (and, in England, star rating).

Advisory Visit (Advisor's time)	£120.00
--	----------------

Travel – Based on HMRC mileage rates	45p/mile
---	-----------------

If you would like an Advisory Visit, please email or call the ABRS Office (office@abrs-info.org or +44 (0)1403 741188) to confirm the cost.
