ESFA Small Schools'
Semi-Finalists
TUESDAY 11TH FEB
12 NOON KO.**

**Against
Whitworth Community High School,
Lancashire.**

Our Season so far.....

A Manager's view.

The boys have had a great run in both cups this season. They are a hard working and talented set of players, who have demanded a lot of my time both on and off the pitch because they are that good! Training is not a chore but a necessity for them to progress as a team and they understand the importance of what we are trying to achieve. The spirit and camaraderie between the players is essential and has helped us come through some difficult games. Each player has proved his selection and understands his role within the team. They have been an asset to the School and conducted themselves as young adults. What they have achieved this season, potentially may never be replicated again. It is very important that they realise they are on the cusp of greatness. Their 'never give in' attitude should be commended and I have thoroughly enjoyed coaching them this season. Well done lads, Sir.
