

Art

Our intent: By the end of KS3, the aim is for all students to be skilful and knowledgeable artists who embrace the creative process. They will have an understanding of art through history, as well as a cultural understanding. They learn to be independent thinkers who can demonstrate they are competent artists. They will do this by working in a wide range of media using a range of different techniques and processes.

| Year | Half term | Content |
|------|-----------|---|
| 7 | a) b) | Drawing and Mark-making: understanding a range of drawing processes and techniques |
| | c) d) | Colour: learning about colour theory and an introduction to painting |
