## 1. Aims

The aims of relationships and sex education (RSE) at Caistor Grammar School are to:

- Provide a framework in which sensitive discussions can take place
- Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help students develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach students the correct vocabulary to describe themselves and their bodies

The students in our school come from different backgrounds, expressing a range of beliefs and values. The stage of development and the experiences of any group of young people of the same age will be diverse and varied. This fact has clear implications for curriculum content, teaching approaches, and the creation of an appropriate learning environment based on the need to develop in young people respect for each other's differences.

The school acknowledges the importance of its pastoral role in the welfare of young people, and through the general ethos of the school, will seek to persuade students in need of support to come forward.

## 2. Statutory requirements

As a maintained secondary school, we must provide RSE to all students under the [Children and Social Work Act 2017](#).

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the [Equality Act 2010](#)

- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Caistor Grammar School we teach RSE as set out in this policy. This Policy is available to parents via the school web site. The law gives parents the right to withdraw their children from Relationship and Sex Education except from those topics which form part of the National Curriculum.

The following extracts taken from the Aims of the School are particularly relevant to this Policy:

- a. We want our students to understand their bodies and to value good health. (Aim 4)
- b. We want our students to balance the interests of the group with the right of each person to be respected as an individual. (Aim 5)
- c. We encourage our students to be sensitive to others' needs. (Aim 6)
- d. We encourage our students to feel positive about themselves. (Aim 10)

### 3. Policy development

This policy has been developed in consultation with staff, students and parents/carers. The consultation and policy development process involved the following steps:

1. Review – a member of staff or working group pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents/carers and any interested parties were invited to attend a meeting about the policy
4. Pupil consultation – we investigated what exactly students want from their RSE
5. Ratification – once amendments were made, the policy was shared with Trustees and ratified

### 4. Definition

RSE is about the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

### 5. Curriculum

Our curriculum is set out in our Personal Development programme, but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, Students, and staff, considering the age, needs and feelings of students. If students ask questions outside the scope of this policy, teachers will respond in an appropriate manner, so they are fully informed and don't seek answers online. Teachers are aware that effective RSE, which brings an understanding of what is and what is not appropriate in a relationship can lead to a disclosure of a child protection issue. Teachers will consult with the designated safeguarding lead.

We will share all curriculum materials with parents and carers upon request.

## 6. Delivery of RSE

RSE is taught within the Personal Development programme and using the PSHE curriculum, it is also taught as a timetabled RSE lesson in Year 9. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

Families

Respectful relationships, including friendships

Online and media

Being safe

Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, please see our Personal Development programme of study

Our RSE programme is inclusive. These areas of learning are taught within the context of family life, taking care to make sure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents and foster parents/carers, amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example, looked-after children or young carers).

We will also be mindful of the law and legal requirements, taking care not to condone or encourage illegal political activity, such as violent action against people, criminal damage to property, hate crime, terrorism or the illegal use of drugs.

### 6.1 Inclusivity

We will teach about these topics in a manner that:

- Considers how a diverse range of students will relate to them
- Is sensitive to all students' experiences
- During lessons, makes students feel:
  - Safe and supported
  - Able to engage with the key messages

We will also:

- Make sure that students learn about these topics in an environment that's appropriate for them, for example in:
  - A whole-class setting
  - Small groups or targeted sessions
  - 1-to-1 discussions
  - Digital formats
- Give careful consideration to the level of differentiation needed

### 6.2 Use of resources

We will consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSE guidance
- Would support students in applying their knowledge in different contexts and settings

- Are age-appropriate, given the age, developmental stage and background of our students
- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources
- Are compatible with effective teaching approaches
- Are sensitive to students' experiences and won't provoke distress

## 7. Use of external organisations and materials

We will make sure that any agency and any materials used are appropriate and in line with our legal duties around political impartiality.

Caistor Grammar School remains responsible for what is said to students. This includes making sure that any speakers, tools and resources used don't undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

We **will**:

- Make appropriate checks and engage with external agencies to make sure that their approach to teaching about RSE is balanced, and it and the resources they intend to use:
  - Are age-appropriate
  - Are in line with students' developmental stage
  - Comply with:
    - This policy
    - The Teachers' Standards
    - The Equality Act 2010
    - The Human Rights Act 1998
    - The Education Act 1996
- Only work with external agencies where we have full confidence in the agency, its approach and the resources it uses
- Make sure that any speakers and resources meet the intended outcome of the relevant part of the curriculum
- Review any case study materials and look for feedback from other people the agency has worked with
- Be clear on:
  - What they're going to say
  - Their position on the issues to be discussed
- Ask to see in advance any materials that the agency may use
- Know the named individuals who will be there, and follow our usual safeguarding procedures for these people
- Conduct a basic online search and address anything that may be of concern to us, or to parents and carers
- Check the agency's protocol for taking pictures or using any personal data they might get from a session
- Remind teachers that they can say "no" or, in extreme cases, stop a session
- Make sure that the teacher is in the room during any sessions with external speakers
- Share all external materials with parents and carers

We **won't**, under any circumstances:

- Work with external agencies that take or promote extreme political positions
- Use materials produced by such agencies, even if the material itself is not extreme

## **8. Roles and responsibilities**

### **8.1 The Board of Trustees**

The board of trustees will approve the RSE policy, and hold the headteacher to account for its implementation.

### **8.2 The headteacher**

The headteacher is responsible for ensuring that RSE is taught consistently across the school, for sharing resources and materials with parents and carers, and for managing requests to withdraw students from non-statutory/non-science components of RSE (see section 9).

### **8.3 Staff**

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual students
- Responding appropriately to students whose parents/carers wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

The form tutors are responsible for delivering RSE in Personal Development lessons. Mr Moloney is the sole teacher of Year 9 RSE lessons.

### **8.4 Students**

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## **9. Parents' right to withdraw**

Parents/carers have the right to withdraw their child from the non-statutory/non-science components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this.

Requests for withdrawal should be put in writing and addressed to the Headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents/carers and take appropriate action.

Alternative school work will be given to students who are withdrawn from sex education.

## **10. Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **11. Monitoring arrangements**

The delivery of RSE is monitored by the Assistant Headteacher in charge of Pastoral through: Curriculum planning; RSE audits and mapping, lesson observations and student feedback.

Students' development in RSE is monitored by class teachers as part of our internal assessment systems, through a range of assessment activities.

This policy will be reviewed annually.

## Appendix 1: Curriculum map

### Relationships and sex education curriculum map

Include as much detail as you can, including links to resources you'll use or sharing examples. Being transparent with parents/carers early on will make it easier for you to handle questions, concerns or objections.
