

Template Livery Agreement Amendment

The livery agreement amendment template below is a guide as to the type of document you can provide to make changes to an existing livery agreement between horse owner and yard proprietor.

This is a guide only and the changes to the agreement should be edited to reflect the specific changes to be made. These changes would then override or be added to the clauses agreed in the original livery contract. Amendments can be added or removed as appropriate to make the agreement as concise or simple as required. The items highlighted in bold indicate common areas to be personalised.

When amended and completed with your own particulars and signed by both parties it will form a legally binding agreement that supersedes the original relating to the points included. Both the horse owner and yard proprietor should retain a signed copy of the agreement to be kept alongside the original livery agreement.
