

Add Discounts To Bills

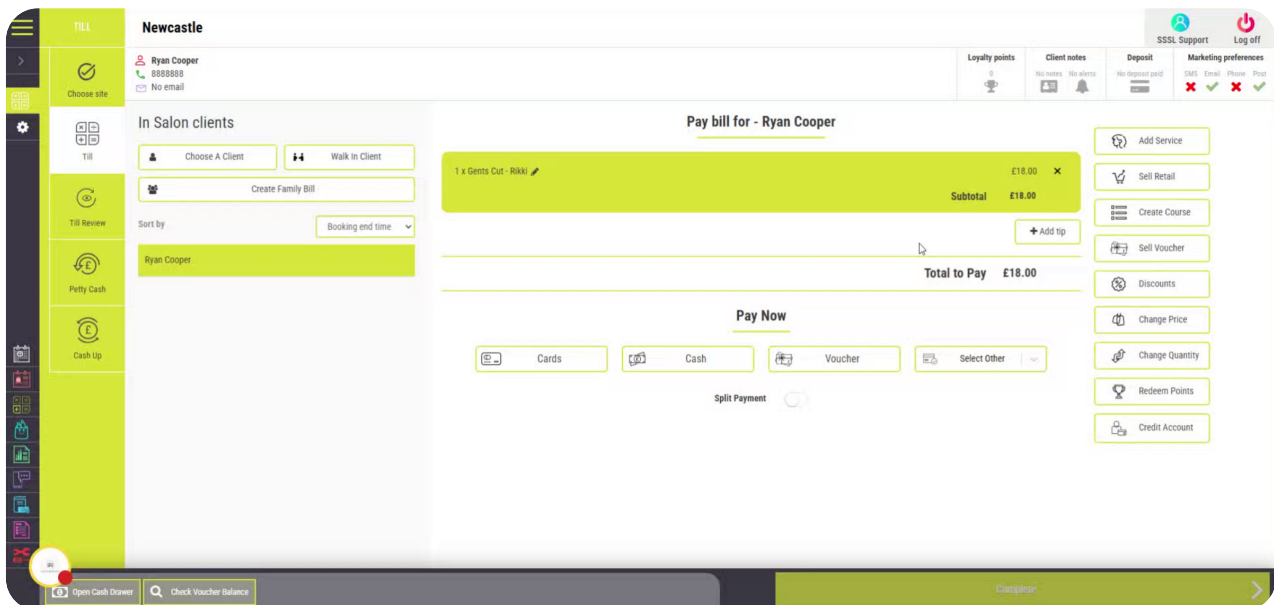

Powered by [guidde](#)

SALON MANAGER

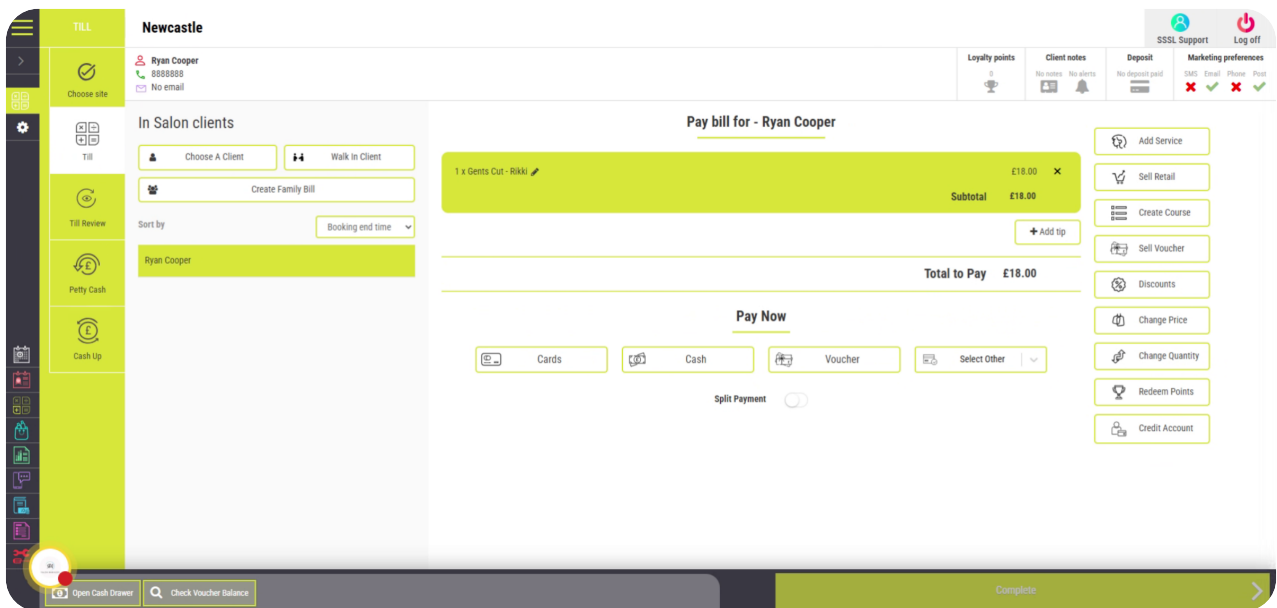

01 Introduce Discount Feature

Hello, today I'm going to show you how to add a discount to a bill in Salon Manager.

02 Select Discount And Services

Once you've found the bill in In Salon Clients in the till screen, we just need to navigate to the right hand side menu and select discounts. This will open up a new menu where we're able to select our discount from the drop down menu. You will see underneath a list of the items on the bill. In this instance we only have one service so I will select that and click confirm.

03 Confirm Discount Added

As you can see, now a discount has been added to the bill, as noted by this symbol here and by this line here calculating the discount.

The screenshot displays a POS system interface for a location named "Newcastle". The top right corner shows status for "Loyalty points", "Client notes", "Deposit", and "Marketing preferences". The main area is titled "Pay bill for - Ryan Cooper". It lists a single item, "1 x Gents Cut - Rizki", with a price of £18.00. A "Subtotal" of £18.00 is shown. A "Discount" of -£3.60 has been applied, resulting in a "Total to Pay" of £14.40. The "Pay Now" section offers payment methods: Cards, Cash, Voucher, and Select Other. A "Split Payment" toggle is also present. On the left, there's a sidebar with options like "Till", "Till Review", "Petty Cash", and "Cash Up". The bottom bar includes "Open Cash Drawer" and "Check Voucher Balance" buttons.
