SALON MANAGER

01 Check Voucher Balance

Hello, today I'm going to show you how to check a voucher balance from the till in Salon Manager. On the till screen at the bottom left there is a button for check voucher balance at the bottom left. Clicking that will bring up a menu giving you the option to enter the voucher number. Once you've entered the voucher number you can click the magnifying glass to search. This will come up and tell you when the voucher expires and how much is remaining on the voucher. Click close to return back to the till.
